ARES COMMAND NET CONTROL SCRIPT

ESTABLISH TACTICAL NETS

(Hand-off Tactical Net Control Operators)

[TAC Net Control #1 Callsign] Net Control

(Responds w/Callsign)

Please establish Tactical Net #1 on the [Repeater Callsign] repeater at [Frequency] [Offset] [PL Tone]. Report back to Net Control if you are unable to establish a net.

(Acknowledgement)

(Repeat Sequence until all Tactical Nets have been handed-off)

EXERCISE

(Start Exercise)

This is an exercise Net Control [Callsign].

The purpose of this exercise is to pass one ARES version ICS 213 message.

May I have a volunteer to pass the message?

(Take Message Passer Callsign)

Thank you [Message Passer Callsign].

May I have a volunteer to receive the message?

(Take Message Receiver Callsign)

Thank you [Messager Receiver]. BREAK

[Callsign of message passer] Net Control.

(Message Passer Responds w/Callsign)

[Message Passer Callsign] go ahead with your traffic to [Callsign of message receiver]

(Once the message is passed)

ARES COMMAND NET CONTROL SCRIPT

Thank you [Callsign of message passer] and [Callsign of message receiver] for participating in our exercise. Are there any comments or suggestions for improvement?

(Take comments. No more than 2 or 3.)

Thank you all for your comments.

(Let Repeater Drop)

RECONVENE ARES NET

(Request check-ins from members returning from Tactical Nets)

All members returning from Tactical Nets, please come now with your callsign in ITU phonetics.

(After everyone, or most everyone has check-in)

DEBRIEF

(Request Comments/Suggestions from Tactical Nets)

As part of our debrief, will the Tactical Net Control Operators come now with any comments they may have.

(Request any Comments/Suggestions from the Members at Large)

Would anyone like to add anything more?.

CONCLUDE EXERCISE

(Close exercise)

This concludes our exercise. Thank you all for your participation.

(Return to ARES Net Script)
