

# Sierra Foothills Amateur Radio Club

## **Mission Statement**

The Sierra Foothills Amateur Radio club of Auburn, California was founded to support and promote the Amateur Radio Service. We are a voluntary, non-profit association of licensed amateur radio operators and others who share interests in developing and promoting the knowledge and advancement of operating techniques and the technical skills related to radio communications.

We accomplish these goals through training and practical experience in the Amateur Radio Service, participation in public safety exercises, and through emergency preparedness and international goodwill.
