P.O. Box 6421

Auburn, CA 95604

(530) 492-0920

Founded in 1958, the Sierra Foothills Amateur Radio Club (W6EK) of Auburn CA is a volunteer organization that supports and promotes the Amateur Radio Service in our local community. We accomplish these goals through training and practical experience in the Amateur Radio Service, participation in public safety exercises, and through emergency preparedness and international goodwill. More information about the club and the amateur radio repeaters we operate in the Sacramento Valley, can be found at [w6ek.org](http://w6ek.org).

**PIO Message:**

Since 1933, Amateur Radio operators get together one weekend a year to practice short and long range radio communication skills. In today's digital age, it's easy to lose track of the root of communication, but what happens if the technology we're grown to love becomes unavailable?

My name is Mike "Smitty" Smith, Public Information Officer for the Sierra Foothills Amateur Radio Club of Auburn CA. In support of Placer County, and our local community, I would love your consideration in running a story about the attached "Amateur Radio Field Day 2022".

Photos, and additional resources, are available upon request by replying. We'd be happy to provide you with anything you need and look forward to hearing from you.

All The Best,

Mike "Smitty" Smith (WB1G)

Public Information Officer | Sierra Foothills Amateur Radio Club (SFARC)
