

### Radio Direction Finding Foxhunt

When: September 30<sup>th</sup>, 9:30AM

Where: Greater Auburn, CA area

(South of Dry Creek, North and West of I80 and East of Mt. Vernon Road will be the boundaries).

You might hear this one from Mel's, as it's ~ 1 Watt BaoFox.

Fox transmitter will be POWERED ON from 9:30 AM – 11:30 AM on 146.565 MHz FM

During the Coffee Break Net the Fox Tender will monitor 146.43 MHz FM simplex.

After the Coffee Break Net participants should communicate using the W6EK repeater at 145.43 MHz, PL 162.2, but the fox tender will also monitor 146.43.

Anyone can participate in Fox Hunts – No license is required! A fun family and pet-friendly event! Meet after the SFARC Club Breakfast (7:30 am – Mel's Restaurant). If you have never done a fox hunt before, rusty or if you don't have radio direction finder equipment, ask to ride along with an experienced Fox Hunter!

Need to borrow equipment? Reach out to Doug (W2VX), Greydon (KC6SLE) or Jon (KI6RT) on the W6EK 2m repeater. Tips for a successful hunt: A directional antenna and attenuation will come in handy for this fox hunt. After the hunt: When you locate the hidden transmitter, a notepad with finder's log sheet will be visible and placed near-by. Sign and time stamp the finders log sheet. If hunters are still trying to find the fox transmitter at the 11:30 am transmitter turnoff time, the meeting location will be announced on 146.430 and on the W6EK 2-meter repeater. Good Luck!

There will be a prize!

Host's Paul KE6MXV, Sam KN6UXI, and Max KN6UWO
