

HOT RF NIGHTS

Hot RF Nights is a chance to show off mobile rig installs or go kits and build fellowship among Northern California amateur radio operators and groups.

We'll have great prizes (all attendees get a ticket for the drawing), ice cream floats (\$5), and free waters for all. There is no cost for this event and ALL clubs are welcome to join.

We'll continue to collect food donations for the great Auburn community. We also encourage attendees to donate lightly used gear to the club. Items will be sold to earn money for the club's STEM Scholarship program.

**Auburn Crossroads Church
South Campus Main Parking Lot
1101 Auburn Ravine Rd, Auburn, CA**
