Happy Valentines Day!

**FROM THE PRESIDENT'S HOUSE
MARTHA VANCE - KA6WUW**

1995 Promises to be an exciting year! Off to a good start despite winter storms. The January meeting was well attended. Our Scheduled speaker, Stan Harder, of the State Office of Emergency Services has been re-scheduled to the March meeting. Stan was called away to help deal with severe flooding conditions elsewhere.

In February, our speaker will be Nancy Hartwell of the Rocklin Police Department. Her topic, "Your Personal Safety" will be of interest to us all. Please feel free to ask a friend to join us.

We note with sadness the passing of Mildred O'Brien, W6HTS. Mildred was known for her commitment as a teacher and her assistance in relaying messages from servicemen to their loved ones. She will be missed by many.

Our V.E. Team continues under the able direction of Bob Metke, W6SUP. Be sure to contact him if you are working toward your license or on upgrade to ensure your using the correct study materials. This years White Elephant Sale is on another Friday the 13th, so bring your black cat!. Our most able auctioneer, Len Taylor WB6HGS, has once again agreed to lead the auction. Lets start collecting items early, we'll have a good time.

Russ Ahlberg, KI6KJ, and grandsons did a fine job at our January snack bar. There have been rumors that the job pays \$45,000.00 a year and has potential for advancement. Any Applicants?

Last, but not least, the club is seeking advertisers for our newsletter. Advertisements need not be geared only to amateur radio. Members and readers do have other interests, for example, they like to dine out, travel, entertain, and be entertained. So next time your out, ask your local merchant to advertise in these pages. SEE YOU AT THE FEBRUARY 10th MEETING !!

MEET THE 1995 OFFICERS OF THE SFARC

By M. Diridoni - KC6RUO

In early December, I mailed questionnaires to all Officers and Board Members. The questionnaire asked for the basic information, like name, age, call sign and license class. It also asked for a brief autobiography so that all members could get to know the Club Officers and the Board of Directors. So far, I only received three responses out of the seven that I sent out.

This months newsletter features Bob Greenslade, W3PMP. Hopefully the others will come in soon.

Bob currently holds an advanced amateur radio license and has been a ham for the past 46 years. He is a retired Industrial Sales Manager and Electronics Parts Distributor.

Mr. Greenslade is a World War II veteran Air Transport Commander. He is married with 4 children, two living locally and two on the east coast. He has an RCS degree in accounting and commercial law.

Other hobbies include being a shade tree mechanic, photography, traveling with a travel trailer and a rekindled interest in CW and RTTY.

WANTED

A manual for a Kenwood R-2000 receiver. Will pay \$10.00 for a good copy.

AND

A Bearcat 250 Scanner that works.

NEWS FROM YESTERYEAR

Construction Begins on Telegraph Line
San Francisco, November 12, 1852

Work of erecting poles for the first magnetic telegraph line in California got underway today. The starting point is the corner of Montgomery and Merchant streets.

The intended route of the California Telegraph Company line is by way of San Jose, Stockton, Sacramento and Marysville. Already one man here has complained that the poles are unsightly.

This is just the commencement of the vast and continuous line of communications, and, no doubt, will be continued until the shores of the Atlantic and Pacific oceans, as it were, are brought together.

The company was formed on a monopoly granted by the legislature to Messrs, Allen and Bernham.

THE V.E. REPORT

Bob Metke - W6SUP

For the month of January, The SFARC V.E. Team gave 14 tests to 10 applicants. Thanks to all members of the V.E. team for taking time out of their personal lives to help promote amateur radio.

If you have the need to take a test in the near future, please feel free to call 783-7610.

SECRETARY'S REPORT

Jerri Metke - K6GKR

GENERAL MEETING - January 13, 1995

The meeting was called to order by President Martha Vance, KA6WUW. Bob Metke, W6SUP was called upon to talk about a recent friend of many, Mildred O'Brien, W6HTS, and what a wonderful woman she was.

Treasurer Jim Venneman, W6PYX, gave the treasurers report. A motion was made to accept the report by Bob Greenslade, W3PMP.

Henry Sparks, KB2DLE, offered to make arrangements to have our White Elephant Sale in the same spot as last year. He said we had the best one in our area. Jetti Hill, W6RFF, ARRL Section Manager also reiterated the success of the sale. President Martha Vance, Jettie Hill and Henry Sparks all shared that Mr. Len Taylor, WB6HGS, was an excellent auctioneer.

The V.E. report was given by Bob Metke, W6SUP, and a ARRL report by Jetti Hill, W6RFF.

President Martha Vance voiced the need for a person to chair the snack bar. No member volunteered for the job at the meeting.

Since the guest speaker was canceled due to the local flooding problems, Dick Wilkins shared a story about Walt Kirby, W6IS concerning CW and the speed he liked to operate with a particular friend. The story was very interesting.

The raffle was held and the meeting adjourned.

SFARC BOARD MEETING - January 23, 1995

The board meeting was held at the Roseville Library on January 23, 1995 at 19:10 Hr's.

Attending were President Martha Vance, KA6WUW, Vice President Matthew Diridoni, KC6RUO, Director Bob Greenslade, W3PMP,

Director Bob Metke, W6SUP, and a visitor, Ralph McCune KE6DJB.

Topics discussed were the upcoming special events, the Rocklin Jubilee, Field Day in June, and the need for a Field Day Coordinator, the White Elephant Sale in October.

Bob Greenslade will be coordination with the City of Rocklin for the Rocklin Jubilee this summer. A note will be placed in the February newsletter announcing that the club is looking for a field day coordinator.

Bob Greenslade and Matt Diridoni will be looking for possible locations to have a swap meet. The board of directors are attempting to find a location that won't bite into the budget.

The board also discussed a column in the newsletter for members to write in and ask technical questions about amateur radio. The idea was given to the news editor for publishing.

PICTURES OF THE PAST

This picture of the past was submitted by Roger Hedgepeth, N7EUQ. It is a photo taken of long time member, Walt Loose - WD6EQQ circa 1975.

If you have a picture of the past that you would like to share with everybody, please send it to the SFARC news editor.
Light color or black and white photos only.

ARRL PACIFIC DIVISION UPDATE FEBRUARY, 1995

by Brad Wyatt, K6WR, Director, Pacific Division, ARRL
18400 Overlook Rd. #5, Los Gatos CA 95030-5850
(408) 395-2501

Packet: K6WR@N0ARY.#NOCAL.CA
Internet: bwyatt@arrl.org

Latest News on the Effort to Save the 13 cm. Band:-

By the time you read this, the Comments on NPRM, ET Docket 94-32, involving the sale of licenses in the 2390 - 2400 and 2402 - 2417 MHz bands, will have been filed by all the parties interested. The comment deadline was Dec. 19, 1994. Many thanks to all who have worked so hard on this effort, with special thanks to Jim Von Striver, W6ASL, the spokesman for the Pacific Division Spectrum Committee, NARCC, NCPA and many others for all the effort put into trying to save 13 Cm. for all of us.

Comments were filed by ARRL and various Pacific Division groups, such as NARCC and NCPA, and individual hams. There may have been others, but FCC has not been very rapid in making the Comments available to the public even though the Reply Comment deadline was extended to Jan. 6, 1995.

Jim Von Striver, W6ASL, orchestrated a campaign to write Reply Comments on this matter. Many thanks, Jim, for all your efforts and the efforts of all Pacific Division hams for rallying to develop both the Comments and Reply Comments on this Docket.

Now, the campaign to save the 13 cm. band turns to "inside the Beltway" where the ARRL staff have been and will be working behind the scenes.

Another docket has been released which discusses spectrum allocations above 40 GHz. This one appears to be relatively benign as it involves Amateur Radio only in the 76-77 GHz. segment of one of our bands and appears not to really threaten us. Nevertheless, the ARRL is filing Comments, and I ask those of you interested to secure a copy of the Docket from Jim Von Striver, W6ASL, who will be assembling the Pacific Division comments. Comments are due on Jan. 31, 1995.

Congressional Legislative Report:-

At the time this Update is being written in early January, the 104th Congress is just being called into session, so it is too early to determine what Congress is likely to do about Amateur Radio legislation. It is not clear how our legislative program fits within the "first 100 day" calendar and the "Contract with America" established by the 104th Congress.

The ARRL staff is planning our national legislative agenda for 1995 for approval by the ARRL Board at the

January 1995 meeting. I would like to have your input to this process. Please contact me immediately or Vice Director Jim Maxwell, W6CF, if you cannot reach me, with your ideas. Ideas being proposed include reintroduction of the HR 4522 bill concerning vanity call sign application fees; protection for volunteers while performing their specific tasks, such as OOs, and VEs; spectrum protection; and enforcement issues; to name but a few.

Unfortunately, all of the efforts concerning House Resolution 4522, the FCC Authorization Act of 1994, died in the "lame duck" session of Congress in late November 1994. We now must start from scratch on these matters.

I have reviewed again the support for Amateur Radio we might expect from our Pacific Division Congressional Delegation. It looks much as it did in 1994. You all did a great job in obtaining the co-sponsorships of our bills in 1994 and I would expect similar response from the delegation to our legislation plans this year.

Please thank those who were our co-sponsors in 1994. Please contact the new members of Congress concerning Amateur Radio - in CA, Frank Riggs in the 1st, Zoe Lofgren in the 16th, and George Radanovich in the 19th; and in NV, John Ensign in the 1st. We will be needing all their help.

Again, many thanks for all the 1994 grassroots work!

Vanity "Preferred" Callsigns - Latest News:-

At the ARRL National Convention in mid 1994 and at later meetings, FCC officials indicated that the vanity call implementation should occur in early 1995. The basic outline of the ARRL Comments filed on FCC Docket 93-305 by the April 21 deadline is contained in the June 1994 Update. Based on the lack of Congressional passage of HR 4522 in November 1994, the dollar cost for obtaining a vanity call license remains at \$7 per year annual fee. As this material is being written, there is no real hard news on the date of implementation nor of the details of the process. The ARRL will make the details available as soon as they have been released by the FCC.

Pacificon'95:-

The Mount Diablo ARC has again agreed to sponsor the Pacific Division Convention. Many thanks! Details are in the Coming Events schedule.

Massive FCC Reorganization:-

More details of the Aug. 1, 1994, reorganization are becoming known. The new Chief of the Wireless Telecommunications Bureau (the group which administers the Amateur Radio Service) is Regina Kenney, who was the Republican Counsel to the Telecommunications Sub Committee in the 103rd Congress. It is interesting to note that both of her parents are hams, so she should be well aware of what ham radio is all about.

Although the mission of the Field Operations Bureau has apparently not changed, the name has been changed to the Compliance and Information Bureau.

ARRL President George Wilson, W4OYI, and the ARRL Washington Staff continue to call at the top of the FCC (Commissioners and Civil Service staff).

Electronic filing of 610s:-

The first data interchange tests between selected VECs and FCC dealing with electronic filing of 610s has started. So far, the test results seem favorable. If all goes well, the FCC could be fully on-line with the new 610 process in early 1995. This action should continue to shorten the time between examination and issuance of license.

Antenna Ordinances and related matters:-

Rusty Epps, W6OAT, continues to lead a Pacific Division-wide effort to develop a database of antenna ordinances and related materials. Rusty reports that data is coming in from all parts of the Division -- thanks! Send all the material to Charles K. (Rusty) Epps, W6OAT, 651 Handley Trail, Redwood City, CA 94062.

In the last Update, I reported on the impending trial concerning the impact of CC&Rs on the ability to legally erect towers. This was the retrial of Hotz vs. Rich, of Foster City. Jimmy Rich, WD6CJB, is the defendant in this long running case.

My thanks for Kip Edwards, W6SZN, Assistant Director, and Rusty Epps, W6OAT, Assistant Director and Volunteer Counsel, for spearheading this huge effort, and to Chris Imlay, N3AKD, General Counsel of the ARRL, Dave Leeson, W6QHS, Bob Vallio, W6RGG, Ted Harris, N6IUU, Howard Brainen, WZ6Z, Lou Beaudet, K6TMB, and many non hams for appearing as witnesses for Jimmy.

From all appearances during the trial, the testimony of witnesses, and observations by those of us attending the trial as observers, it appeared that we would have had a favorable decision, but, unfortunately, just before Christmas the judge rendered his verdict against Jimmy. We are all trying to evaluate the impact of this adverse decision.

On a happier note, my thanks for the great work by Ken McTaggart, N6KM, Volunteer Counsel, and John Wallack, W6TLK, Section Manager, San Francisco Section, for developing the Amateur Radio presentation and organizing some 60 hams to attend a recent Sonoma County Council meeting. The emergency ordinance being considered was a 45 day moratorium on ALL towers in the county. The successful presentation convinced the Council that Amateur Radio towers should be exempt from this moratorium. Great work, Ken, John, and all those who attended!

Other known other antenna ordinance activities are currently underway in Fresno and Santa Clara counties and in Pleasant Hill, CA. All are being monitored closely. Please let Rusty or me know of activities in your area involving antenna ordinances.

New Pacific Division Appointment:-

It is my pleasure to announce that Anthony G. Koester, WD6EKV, of Oroville, CA, has accepted an appointment as Volunteer Counsel in the Pacific Division. Welcome, Tony.

ARRL Letter Available - Free to Affiliated Clubs:-

For details on a one year subscription, write to Jim Cain, K1TN, ARRL Letter editor at ARRL HQ.

Scholarships and Awards:-

There are many scholarships and awards covering a wide range of situations available to licensed Amateurs. The ARRL Foundation, The Dayton Amateur Radio Association, The Foundation for Amateur Radio, to name only a few, will be announcing their dates for applications for their 1995 scholarships. Watch QST and other amateur radio publications for details. Nominations for 1995 awards can be submitted starting now.

Coming Events:-

- Livermore Swap Meet - 1st Sunday of each month at Las Positas College in Livermore, CA, 7 AM to Noon, all year. Talk in 147.045 from west, 145.35 from the east. Contact Noel Anklam, KC6QZK, (510) 447-3857 eves.
- International DX Convention at Visalia, CA, Apr. 21-23, 1995. Contact George Allan, WA6O, 668 Chemeketa Dr., San Jose, CA 95123, (408) 225-1819.
- ARRL National Examination Day, May 13, 1995. For information contact the ARRL VEC group at ARRL HQ.
- Pacificon'95 at Concord, CA, Oct. 20-22, 1995. Contact Richard Schulze, AA6DL, at (510) 932-6125 on the Pacificon'95 Hotline.
