Operators Needed

8

As I sit here at my desk watching out the window as the first winter storm of the season passes through, I am reminded that this is the time of the year when we are most likely to be called upon to provide emergency communications services. Two years ago there was massive flooding throughout the valley and Sierra Foothills was there to help. At this time of the year storms and flooding could happen at any time with no notice. Now is the time to make sure that all your batteries, antennas, and other emergency equipment are working in top shape and

ready to go.

November is also the time that we elect the new officers for the club for next year. In addition to electing officers we will also be voting whether or not to approve the proposed dues increase for next year. We will also be discussing some matters concerning the Christmas party this year so please plan to attend. Remember that your opinion doesn't count unless you vote.

73, Gary KQ6RT

RG - 58

From W5YI Riport, Oct 15, 98

Ever wonder what the "RG" in RG -58 means? It goes back to the days when co-ax was made to military specifications and given RG/U numbers (Radio Guide Utility). Over time the "U" was dropped. The numbers in the suffix refer to the cable's impedance characteristics.

"Computer Virus"

Top Tip of the Month from Ralph McCune, AC6SG

If you receive an email titled "WIN A HOLIDAY" DO NOT open it. It will erase everything on your hard drive. Forward this letter out to as many people as you can. This is a new, very malicious virus and not many people know about it. This information was announced yesterday morning from Microsoft; please share it with everyone that might access the internet

General Meeting

October 9, 1998

The meeting was called to order at 1940hrs by President Gary, KQ6RT at the Fire Station in Old Town Auburn. Other officers present were Bill, KM6KV, Dave, N6SHD and Richard, WA6RWS. Gary announced that Wayne, KE6DJE was running for president, Bill, KM6KV for a second term as Vice President, Dave, N6SHD for a second term as treasurer and Richard, WA6RWS for a second term as secretary. Running for Board of Director positions is Roger, N7TK, he is the rollover for another term, Gary, KQ6RT and Evan Phillips, WB6EXQ.

It is important that everyone come to the next meeting because the dues increase will be discussed and voted on. Gary said if you pay before the end of the year you can still pay at the old rate.

Gary announced that help is needed for the Roseville parade and to contact Matt, KC6RUO if you can help. Help is also needed for the Newcastle Mandarin Festival on November 22. Contact Gary if you can help.

Bill, KM6KV talked about voting on the picnic to be Saturday or Sunday at the next meeting.

Dave gave the treasurer's report and said we had \$67 income, \$125 expenses and \$534 in the bank.

The white elephant sale was next and Lynn Taylor was our auctioneer again and did a great job. In fact he was soooo good that I bid myself up 5 times on a cake made by Bill Parrish's daughter. No one else bid. Of course the cake

Continued on next page...

... BUT THERE IS AN ALTERNATIVE!
I'M NOW ACCEPTING A LIMITED NUMBER
OF APPLICATIONS.
THE COST IS JUST \$22 PER PERSON,
AND YOU CAN REVEL IN THE
ASSOCIATION FOR A YEAR!
ANY TAKERS?

1 WILSON

Remember election of new officers is the November meeting. Cast your vote to make a difference.

General Meeting Minutes *continued...*

looked too good to pass up and it was delicious.
Meeting adjourned at 2100hrs.

Respectfully submitted by;

Richard Kuepper, WA6RWS Secretary.

The UK has changed their 10 GHz Amateur allocation.

From W5YI Report, Oct. 15, 1998

Effective February 1st, the 10:00-10.15 GHz and 10.30-10.50 (terrestrial) and 10.45-10.50 GHz. (amateur-satellite) bands will become 10.00 -1.125 GHz and 10.225-10.475GHz. This is to facilitate the introduction of Radio Fixed Access (RFA.) the UK's Radiocommunications Agency said that the Amateur Service and short range devices operating above 10.5 GHz are

A special thanks to all the VE team members for promoting amateur radio through giving their time and talents to the VE program.

October 1998 the VE team gave 16 test with 8 people tested. No Testing in November

December Test Schedule

Time: 7:00 p.m.

Date: 12/9/98

Days: Wednesday

Pre-Registration is Required Fee is \$6.35

Special test needs are accommodated, e.g. in-home testing, support assistance for specific types of disabilities.

SATELLITE REPORT

By KO6TH, Greg Dolkas

Those of us following the recently concluded flight of STS-95 Shuttle mission on 147.405 (N6ICW's rebroadcast of the NASA audio channel) should have caught a significant event - the launching of a new satellite! Well, I happened to catch a 5-second mention of the event in a summary, and asked Keith, W5IU, the next morning during his Amsat

Amateur - CB - Scanners - Short-wave - Cellular - Commercial
New and Used Equipment for all Ham Radio Needs

THE RADIO PLACE

Sales - Service - Installation

Glenn Still Well, WR6O
5675-A Power Inn Road

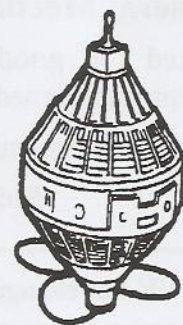

(916) 387-0730 fax: (916) 387-0744
Sacramento, CA 95818

net (14.282 Sunday mornings at 10am PST). He confirmed the "launch", and also provided some additional details.

Quoting from the PANSAT web site (<http://www.sp.nps.navy.mil/pansat/>), I find the following information:

"The Petite Amateur Navy Satellite (PANSAT) is a small satellite designed and built by officer students, faculty, and staff at the Naval Postgraduate School (NPS). The main objective is to support the Space Systems Engineering and Space Systems Operations

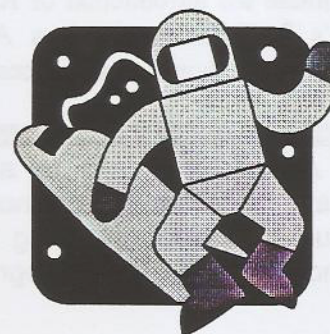

Curricula by providing a "hands-on" hardware project where exposure to the many facets of a space system development and life cycle can be experienced. PANSAT further provides educational training while in orbit through a space-based laboratory for officer students at NPS.

PANSAT will be launched from the Shuttle into a low-Earth orbit on the STS-95 Discovery mission as part of the third International

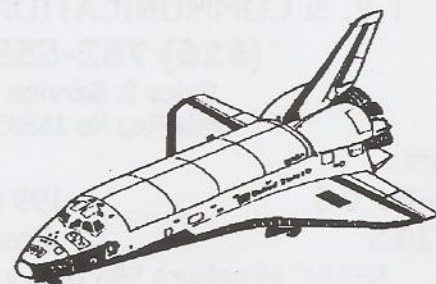

Extreme Ultraviolet Hitchhiker (IEH-3) experiment.

The spacecraft itself provides store-and-forward (packet radio) digital communications using direct sequence spread spectrum modulation. PANSAT operates in the amateur radio 70 cm band with center frequency at 436.5 MHz, a bit rate of 9842 bits per second and 9 MB of message storage. Amateur radio ground stations will be able to utilize PANSAT via a bulletin-board type user interface."

The significant advancement here is the use of Spread Spectrum, a modulation technique where the signal's frequency is moved around in a pseudo-random manner. Knowing the pattern, a receiver can pick out the signal, even when it's *below* the noise level. Since satellite communication is often an exercise in picking signals out of the noise (what part of amateur radio isn't?), this will provide a great opportunity to push the state of the art in communications technology. Now that the satellite's up, they will be publishing information on just how to pull this off. I'll keep you posted as I find out more.

73's,
Greg KO6TH

SFARC's October 31, Breakfast

At the October 31st Club Breakfast there were six mem-
bers and friends enjoying the food and conversation at
Susie's Restaurant.

The food is always good at Susie's. You don't
have to be a member to join us for Breakfast. The next
Club Breakfast is on Saturday, October 31st. It is
recommended you arrive around 7:30 a.m.. Susie's is
located off of Cirby in Roseville. Look forward to seeing
you there.

DX...The Quest Continues

By KN6MK, Mike Sexton

ISLAND RENAMED ---> Kiribati has officially renamed Caroline Island as part of its promotional campaign approaching the new millenium. It is now called Millennium Island. The information comes from the Tourism Council of the South Pacific 5N, NIGERIA. David, OK1AUT, reported that he is currently in Lagos and is active as 5N0/OK1AUT. He stated that he will be active on 80-10 meters CW/SSB. He was spotted this week on 21295 kHz between 2130 amd 2330z. He has also been reported on or around 3505 kHz between 0130 and 0430z. QSL direct to OK1AUT: David Klimosz, P.O.Box 53, 16201 Praha 6, Czech Republic.

E3, ERITREA. the "Space A DX Group" in Asmara, Eritrea were told that they would be assigned E30AA and up. They will use only one call unless required to use each operator's call. They will be active until midday of November 17th, and fly out just after midnight the morning of November 18th. With the added \$500 dollars cost per operator for the license, and the recent activity from Eritrea, they have scaled down to 10 operators.

5R, MADAGASCAR. Andre/F6AOI, Alain/F6BFH, Bernard/F9IE and their wives will be in 5R-land from November 15th to December 7th. They will try to be active from Sainte Marie Island and Nosy Be (both are IOTA AF-057). Activity will be on all bands CW and SSB.

BV9P, PRATAS ISLAND DXPEDITION. The following was from a press release on the upcoming BV9P operation which takes place 0600z November 12th through 0000z November 19th. Operators will be: BV2KI/Bruce, BV2KS/Evan, BV2VA/William, BV4AS/Jimmy, BV4FH/Paul, BV4ME/Chung, BV4QA/Ou, BV7FC/Lieon, JAlBK/Kan, KU9C/Steven, OH2BH/Martti and the first YL ham on Pratas XE1CI/Nellie. QSL Manager will be KU9C.

OX, GREENLAND. Jorgen, OZ8AE, will once again be active from here, this time from November 11th to December 2nd, as OX/OZ8AE. Activity will be from Groennedal (southwest part of Greenland) while visiting Kim, OX3FV. He will be active on 160-10 meter CW and he will also be in the CQWW CW Contest as a Single Op/All Band entry. QSL via home call.

ZL8, KERMADEC. Bob, ZL1RS, has announced to look for ZL8RS to be active from the Kermadec Islands, November 9-17th. Bob states that he intends to focus mainly on 17/15/12/10 meters SSB with some slow CW on 30 meters. Operation will depend on his work schedule. QSL via ZL1RS GD4, ISLE OF MAN. Steve, G4UOL, will be active as GD4UOL on CW only on all the HF bands from 2000z Friday, November 20th to around 1600z

Friday, December 4th. QSLs should go to the GD bureau rather than his home callsign as this speeds up the process. QSLs direct are via his home callsign of G4UOL. In the CQWW CW Contest he will be Single Op/Low Power, unassisted.

VK9L, LORD HOWE ISLAND. Plans are well underway for a DXpedition to Lord Howe Island between November 22nd and December 1st. The callsign to be used will be VK9LX. The team leader is Nick, VK2ICV. The other team members are: Bill/K6KM, Charlie/N0TT, Ray/N4RU and Mary Lou/NM7N. The DXpedition has two purposes: to provide a DX contacts with Lord Howe Island and to participate in the CQWW CW Contest. Before the contest they will be operating 2 stations on all the HF bands, including the WARC bands and 160 meters. Operations are also planned for 6 meters. Modes of operation will be CW, SSB, and RTTY. Before the contest they will be emphasizing operations on the low bands and WARC bands, propagation permitting. During the contest they will be operating all HF bands except the WARC bands. Propagation information for the various bands has been prepared by Bob, NM7M, and is available on the VK9LX WEB site. QSL via VK2ICV. For further information check the web site at: <http://qsl.net/vk9lx>

XZ - KM5EP (YL), N7MB, N7ZRD (YL), NA7DB, WA6CDR, WY7K (YL) and others to be announced will be active as XZ1N from Yangon, Myanmar between 21 November and 6 December. Most of the team are members of the Central Arizona DX Association. This will be a multiple station operation covering 160 through 10 metres, WARC bands included, on CW, SSB and RTTY. They will participate in the CQ WW CW DX and ARRL 160 Meter Contests. QSL via W1XT.

IOTA.....

5R - Andre (F6AOI), Alain (F6BFH), Bernard (F9IE) and their wives will be active from Madagascar between 15 November and 7 December. They plan to operate from the islands of Sainte Marie (AF-057) and Nosy Be (AF-057) on all bands CW and SSB.

FR - Phil, G3SWH will be active (10-80 metres CW) as FR/G3SWH/p from Reunion Island (AF-016) between 17 and 24 November. QSL via direct/buro.

CONTESTS.....

Japan Int. DX Contest, Phone	Nov 13 -
Nov 15

Board Meeting

October 30, 1998

The board meeting was held a week after it was originally scheduled, due to illness of the president.

The meeting was called to order by President Gary Cunningham, KQ6RT at 1820hrs. Present were Bill KM6KV, Dave N6SHD, Richard WA6RWS, Wayne KE6DJE and Roger N7TK. Evan Phillips WB6EXQ was also present.

Gary discussed the money needed for the Christmas party. There was \$102 raised from the white elephant sale but more money is needed. A motion was made by Wayne and seconded by Roger that Gary will ask the members at the next general meeting for an additional \$325. Most of that money should be recovered through the raffle prizes. Gary suggested we should get a 6 meter rig. In the past it has always been a 2 meter rig. Roger suggested that if someone wanted to donate something for the raffle that would be good too. The club would surely accept it. Meeting adjourned at 1858hrs.

Richard Kuepper, WA6RWS Secretary.

Pacific Division Update November, 1998

By Brad Wyatt, K6WR Director Pacific Division, ARRL

WWW Pacific Division Home Page - <http://www.pdarrrl.org/>
FCC States Amateur Enforcement to be Emphasized: In proposing to phase out the Novice and Tech Plus tickets, the FCC said "there appears to be an unnecessary overlap between the Novice, Technician, and Technician Plus license classes." The FCC also said that Technician and Tech Plus operators "predominantly" use FM and packet on VHF and UHF. In addition, the FCC said Novice applicants last year numbered fewer than 1000, while there were nearly 21,500 Technician applications.

The FCC went along with another ARRL petition and proposed allowing Advanced class hams to be eligible to prepare and administer license examinations up through General class under the VE program. The FCC also proposed to phase out Radio Amateur Civil Emergency Service (RACES) stations by not renewing their licenses. The FCC also took the occasion to clarify the definition of "power" as used in the RF exposure table in Section 97.13(c)(1). The FCC said it refers to peak envelope power (PEP) input to the antenna. It also made clear that no one holding an FCC-issued ham ticket may apply for a reciprocal permit to operate in the US if the individual also holds for a foreign amateur license.

OPERATORS NEEDED

Amateur Radio Operators are needed for the November 21, 1998 Roseville Holiday Parade.

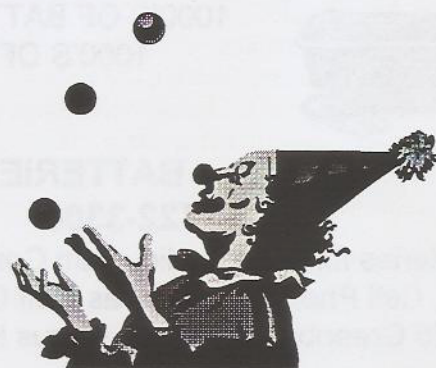

If you are interested or would like more information, contact MattDiridoni, KC6RU at 916-632-4084. You can also e-mail Matt at matt@rocklin.ca.gov

The Roseville Holiday Parade is presented each year around Thanksgiving

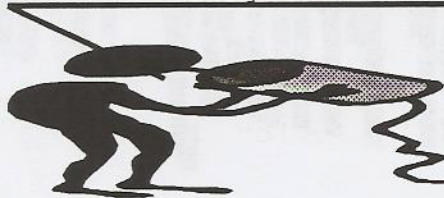

time. It's a fun event for the whole family. The Parade usually runs around four hours.

Come for the action but stay for the stories.

I'm goin' to the November meeting! It's election time and I want my vote to count. What about you?

I'll see you there. I have heard the Club dues are to be on the ballot. If passed they will finally be increased. It's long over due.

Membership renewal is between October and December. So don't wait until it's too late. There is an application form at the back of this newsletter.

Remember renewing your ARRL membership through the Club earns the Club money with no additional cost to you.

To renew your ARRL membership through SFARC make your check payable to SFARC and mail it to

SFARC

P.O. Box 1005

Newcastle, CA 95658

SFARC NEWSLETTER

Published monthly for the benefit of SFARC's membership. Permission is granted to other amateur related organizations to reproduce materials in whole or in part for internal non-profit use, provided credit is given to the SFARC Newsletter and as applicable to authors of the reproduced materials.

Articles and opinions expressed in this newsletter do not necessarily reflect the individual opinions of members or Board members. Articles that members seek to have published in the next edition of the newsletter must be submitted no later than the 20th of the month. Submit Articles, letters, and personal classified radio gear advertisements to: Editor - SFARC Newsletter P.O. Box 1005, Newcastle, CA 95658. Call KC6LOE, Greg Huttula (916) 786-3530.

For Business, Non-Personal Advertisements contact SFARC's Treasurer N6SHD, Dave Hund. Full page ads to three line ads are available. Reasonable rates are offered on advertisements and on graphic designs for ads.

Sierra Foothills Amateur Radio Club (SFARC) is committed to promoting radio knowledge, encouraging fraternalism, enhancing operating efficiency, and advancing the general interest of Amateur Radio. SFARC is a Special Service Club and is associated with the American Radio Relay League (ARRL), the premiere Amateur Radio advocacy organization.

Advertising Opportunities Available

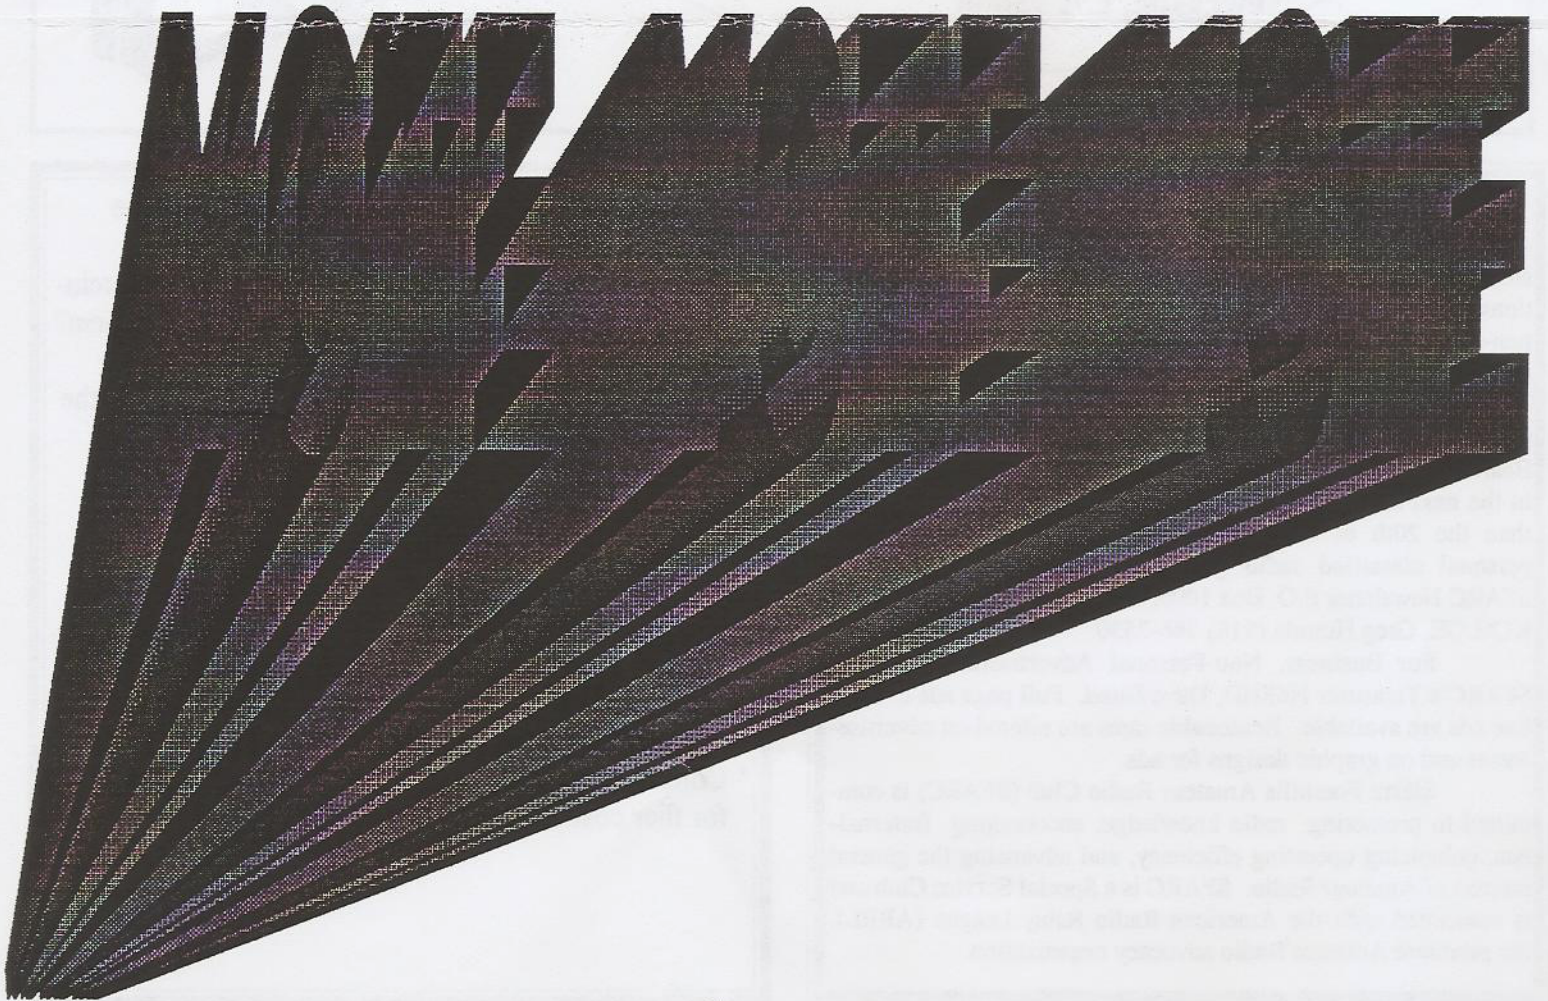

Many opportunities for advertising are available exclusively to members of SFARC...are you aware of them?

- ♦ No cost to Members of SFARC to advertise in the Newsletter.
- ♦ Monthly fliers* can be inserted to advertise your item (s) or your business.
- ♦ Reach businesses and over 100 members by advertising on an annual basis, in the SFARC Newsletter.

* Contact Dave Hund N6SHD at (916) 624-0978 for flier cost.

Remember to Vote November Friday 13th

You do make a difference when you vote.
