

Hams in the Hills – Yerington Nevada

- When:** October 4-8, 2023 Multi-day adventure Wednesday October 4th through Sunday October 8th.
- Rally Point:** Walker River State Recreation Area 211 East Walker Road
Yerington, NV 89447
Arriving on Wednesday, October 4th.
- Park Information:** Walker River State Recreation Area Website: <https://parks.nv.gov/parks/walker-river>
775-463-1609
Check out the website for vital information. There is RV camping, tent camping, and a few cabins for rent. There are also fees depending on how you plan to stay.
- Trail Boss:** Paul W2OHV Paulfrates95634@yahoo.com Notification by email is helpful so we can coordinate additional information relevant to this trip.
- Objective:** This is a multi-day trip using Walker River State Recreation Area as the home base for daily adventures. We have been targeting a number of ghost towns and trails, details to be determined. A few locations are Bodie, Pine Grove, Rockland, and Masonic to name a few. There are also activity options for dirt bikes, as well as hiking trails, and paved road excursion options.

Yerington:

Auburn to Yerington 2hr 43 min. (Possible routes)

Hams in the Hills – Yerington Nevada

Campground:

Yerington to campground

Vehicle Requirements:

It varies depending on your activity

We are expecting (mostly) fairly good dirt roads, except for a few trails (TBD). **OHV's are welcome** and can run on the trails/roads we will be using. As long as they have a valid registration. Dirt bikes welcome as well.

Food:

You are on your own for food & drinks.

Logistics:

- Plan on topping off your tank upon arrival in Yerington and at the end of each day so you are **ready to roll the next morning**. Google Maps says the gas stations in Yerington are about 13-miles from the campsite (46 minutes round trip). Plan for it. There don't appear to be any gas stations at all along our planned routes.
- Plan for your daily lunch as well. There's nothing on the trail to eat except my dust.
- Other shopping necessities are available in Yerington as well.

Frequencies:

In Campground: Tac-1 (details below)
En route Suggested repeater load below. Recommend one of the
Repeater: SNARS repeaters upon arrival in Nevada.
On the trail: Tac-1 (details below) and selected repeater.

Hams in the Hills – Yerington Nevada

APRS:
(144.390 MHz)

Follow us on [APRS.fi](https://www.aprs.fi) for active vehicle locations on event day. We are planning setting up an i-gate to provide APRS link to the internet so family at home can keep track of YOU.

Trail Map: TBD
GPX and KML files TBD

Check out the [suggested radio frequencies](#) link posted on the [W6EK](#) web site on the [Hams in the Hills](#) page.
